

KID MAYOR

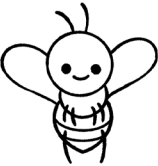

PLATFORM - This is where you will explain what you will bring to your term as Kid Mayor of your home. What problems will you solve, and what promises do you make to the members of your family?

COMMUNITY ACTION – This is where you will commit yourself to the betterment of your home and family, explaining steps you will personally take to improve your home (Create a family chore chart)

BUDGET – Here you will make hard choices about how snack and entertainment money will be spent. Will your family subscribe to a new streaming service, or will you use this money to invest in a cooking course or family dance class? Your Parent President will set the budget, and you will wisely choose how it's spent. Once the money is gone, so is the month's entertainment. Take your time.

VETO POWER AND REPLACEMENT LEGISLATION – Not all of your amazing ideas will work out every time. You vow to work closely with your home governing body to quickly and fairly replace any laws or legislation you have put into place that are deemed unsafe, unfair, or unhelpful. It happens to the best of us, but being the best of us means learning from mistakes!
